

It's a mystery to Lorraine
Frantz Edwards why
the transcribed letters are
not complete! Here are
scanned copies of two
and impossible to "muddle"
through to see what's
missing.

Furthermore, I do not
know the identity of
George Frantz, Ladoga,
Indiana. I suspect
Rosemary is the "daughter"
mentioned in attached
letter.

I forgot to tell the daughter
to keep those letters if she cared
to. They may not furnish her
any extra information but I hope
so. we found our way to Frankfort
and we bought six farm
gates. That road building is
quite a project.
