Dear Linda

Thank you for the phone call on Saturday. I was out-of-town - visiting a genealogy friend in La Verne.

It is very thoughtful of you to want to share the photograph. Yes, I'll be very glad to add it to the collection.

The books have been published but I'm receiving and adding new information all the time. In the future I may do a revised edition.

I have extended Frantz lines right down to the present. There are 1996 births included in Frantz families - Kith & Kin. I'd love to add your lineage info, too. I may already have a lot of the info but, again, I may

have a "bare branch." Thanks for everything you care to share.

Best wishes from "cousin"
Lorraine

P.S. Do you know Pat Stubblefield?
(a long-time acquaintance of mine.)

Dear Linda

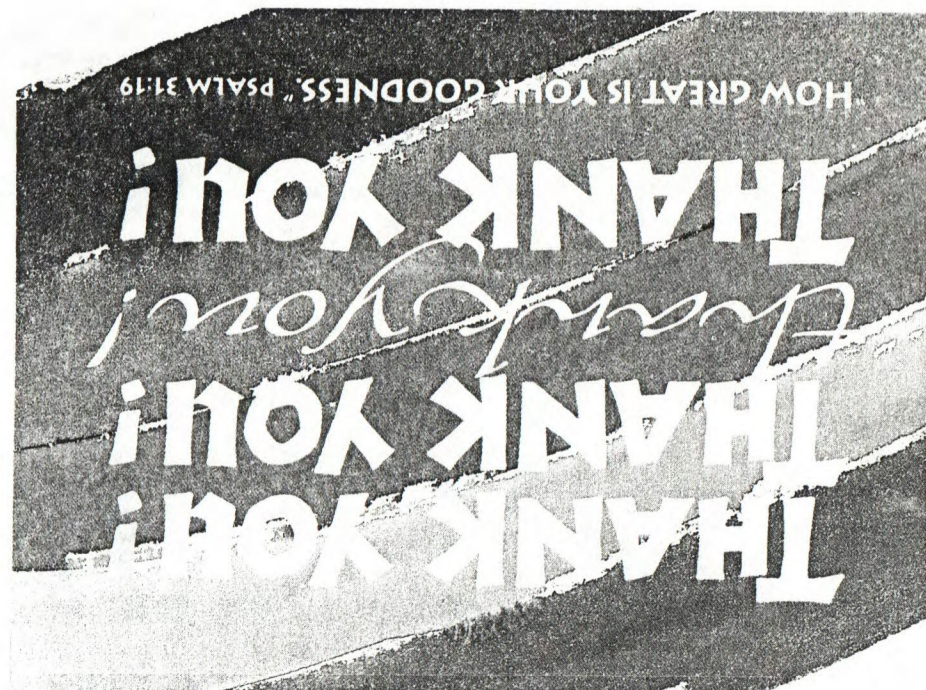

Feb. 25, 1997

I am indebted to you! I should have written sooner. Time flies.... Thank you for sending the photo and your family group sheets. When I have time, I'll add your lineage to my computer database.

Comment re: Grossnickle/Frantz lineage. Maybe God wants to show you what wonderful family you have on the paternal side in spite of your dad. That's why you keep finding "cousins" on his side.

FYI, I'm not a direct relative of Ruth Frantz but will eventually add her photo to a subsequent printing of The books.

Good luck - best wishes - have patience, etc, etc, as you learn the computer. It is fun - and fascinating - but also frustrating! I've been having major problems with the new computer I bought in August. This is my 5th computer so it drives me crazy when it doesn't work right.

I'm going to write to Frank Neher and see if he has new info I can add to the database. Thanks for his name & address.

Thanks again for all the info - and photo.

Sincerely, "cousin" Lorraine
