In 1770 the Frantzes of that
church were:

Jacob Moyer & wife were also
members.

The above lineage for Michael⁴ was found by A. D. F.
in his searches of local records in Berks and Botetourt
counties. My own findings support it.

A descendant, Mrs. Harold Walters, New Ross, Indiana,
however, cannot give up the idea that he was Michael^{3,2,1}
because another descendant said so.

I consider the evidence is unanswerable that Michael^{3,2,1}
was the Michael, Jr. of Cocalico, who with wife Elizabeth
deeded land in 1776 (he had to be of age then), and who
was Michael, Jr., in Botetourt Co., 1810 (his household
then corresponded with records of the marriages of his
children, and with his will, 1817). The household of
Michael the Younger, 1810, corresponded with that of her
Michael, who d. 1833.

Furthermore, a deed of 1830 states that Michael of Bote-
tourt Co. had purchased land there in 1801 with Christian
Frantz, since deceased, and John "Hontz." Note that
Christian's wife was Magdalena Hountz. The Michael in
the deed was the grantor, so living there, 1820.
