Dear Rachel and Elvin,

Just a short note to accompany the anniversary card.
CONGRATULATIONS on your 50th wedding anniversary. I hope
you have a nice celebration. Enjoy!

I hope the book arrived OK earlier this year. It didn't
come back but I didn't hear from you. I'll bet you were
disappointed and thought "no news is good news." Hazel
wasn't aware that I mailed a manuscript to you.

Well, Lord willing, I hope to get the information about
Michael Frantz descendants published later this year. I'm
sending a "flyer" that I've prepared, and circulated, in
hopes of acquiring a number of individuals interested in
"the books." I'm sending the book for your information
AND NOT AS AN APPEAL TO PURCHASE THE BOOKS.

I haven't seen Hazel and Bruce since a couple of days
after Christmas. I talk to Hazel frequently on the phone.
I'm always sending her printouts for various families.
I'm gathering so-o-o much information on so-o-o many col-
lateral lines. I have over 21,000 Frantz, and collateral
lines, in my major computer database now. I have almost
300 cousin charts sprinkled throughout the pages of the
books. It seems the Brethren are all related to one
another, generation after generation. Old German Baptist
Brethren "cousins" are still marrying so I have some sixth
cousin and double-sixth cousin charts. Creating some of
the more complicated charts are a challenge. I think I
explained all of that in a letter with the book.

Very best wishes for a happy anniversary from

"cousin" Lorraine
