Dear Mr. McIntire,

Just a hasty note to see if you still receive mail at that address. I was "proofing" one of the books that I plan to publish -- and saw your address -- so decided to quickly attempt to make contact.

If you can (and will) provide updated information on your branch of the family tree, it will be greatly appreciated. I am tracing female lines, and I am listing descendants right up to the present time. Frankly, I have very little on your "branch."

I know you did some genealogy several years ago because someone sent me information that you had gleaned from The Dore Frantz Manuscript. Dore's children gave me a copy of all his material so I have his plus contributions from many other Frantz researchers. Actually, I received copies of your research before I ever saw The Dore Frantz Manuscript. I felt compelled to find that manuscript -- and I did!! Praise the Lord, Dore Frantz will be recognized for all his research FIFTY YEARS LATER!!

I'm enclosing a "flyer" that describes the books. I'm not mailing it to solicit an order, just to let you know what I've compiled.

This is brief because you may not be reached at that address. If you are reading this, please consider an answer by return mail with updated information on the families.

Very best wishes from another descendant of David Frantz, son of Michael Frantz II and Magdalena Zug.

Sincerely,

"cousin" *Lorraine*

Dear Mrs. Edwards

I do still receive mail at this address.

I am sorry to say that I can no longer do any genealogical work. I passed my 90th birthday last March 29.

I am truly indebted to the genealogy compiled by Dore M. Frantz, Sr. He did an excellent job. As you have noticed I belong to that line. I made several checks of various parts of his genealogy and I found it to be correct. Therefore, all I did was to copy his genealogy and add my grandfather and his descendants. up to and including my generation. I have not attempted to go beyond that due to my infirmities.

Sorry

L. F. Frantz

Dear Mr. McIntire,

I was delighted to hear from you in September. I'm sorry to hear that "infirmities" have kept you from doing genealogy.

I wasn't asking you to "do" family history for me. I'm very, very actively involved with an upcoming set of books re: the descendants of immigrant Michael Frantz.

I lack information on your branch of the family tree. You said you checked the compiled information of Dore M. Frantz and made a "copy [of] his genealogy and added my grandfather and his descendants." Do you have some of that material that you can share with me? Do you have children, grandchildren, or other relatives that have compiled the details regarding later generations? I would appreciate their names and addresses.

I don't want to seem like a "pest" but I really hope to have every branch of the family tree well documented. Please write back with details and/or names of others to contact.

Sincere thanks and best wishes for a happy Thanksgiving and a blessed Christ's birthday.

"cousin" Lorraine

Dear Ms. Edwards

I have just arrived home from a trip to Washington and have your letter which I shall try to answer soon.

I presume you have the genealogy of Abraham Frantz, son of David Frantz. You also probably have that of Jacob Leonard Frantz, son of Abraham. Jacob Leonard was my great grandfather. You probably have his record also. Therefore, you probably want the families from my grandfather through my own family.

There is no one working on this part of the family history so I shall attempt to get it for you as soon as I can.

Wishing you the blessings of Christ on his day and always

L. L. McIntire
