Dear Mr. Ream:

I have just read in the Lebanon Weekly News of your interest in certain Ream records.

My grandfather, Michael Zug, in the years from 1880 to 1900, compiled and recorded much genealogical information about the families of his ancestors. Among them was a Henry Meyer whose name, my grandfather noted, was spelled variously as Mayer, Meyer, Meyer, Mier and Mire. He had nine children one of whom was Jacob Meyer. The following is what the record has to say about him:

II Jacob Meyer was married to Susanna Ream, daughter of Peter Ream of Dauphin County, Pa. He lived at Muhlbach until about 1768, then moved to Penn Township, now part of Snyder County, Pa. This was the great grandfather of Henry Meyer of Rebersburg, Center County, Pa., author of "Genealogy of the Meyer Family" printed in 1890. As this family is fully described in said book, so I will only give the names of his children, eight in number:

| Names | Born | Died | Married |
|---------------------|---------------|----------------------------------|-----------------------|
| III Catharine Meyer | | | John Meyer Center Co. |
| III Barbara " | | | Michael Metz " " |
| III Philip " | Nov. 14, 1755 | Apr. 27, 1831 | Margaret Merr " " |
| III John Jacob " | | | Julia Merr |
| III John George " | | | Lizzie Buchtel |
| III Henry " | Oct. 15, 1764 | May 17, 1820 | Mary Steese |
| III Michael " | Mar. 20, 1765 | Aug. 5, 1843 | Agnes Buchtel |
| III Christopher " | | died single, aged about 20 years | |

These children were all born on Muhlbach.

III Philip's wife Margaret Merr was born August 20, 1759, died March 12, 1829 in Center County, Pa. She and Julie, below, were sisters.

III John Jacob's wife Julie Merr died November 8, 1824. They lived at Jersey Shore, Pa.

III John George's wife Lizzie Buchtel was born September 4, 1762, died September 4, 1801 in Center County, Pa. She and Agnes, below, were sisters.

III Michael's wife Agnes Buchtel was born December 1, 1766, died April 23, 1852. They resided in Stark County, Ohio. He died the last of the family.

It would appear that the year of birth of either Henry or Michael is not correct. This is all that the record shows in regard to Jacob and Susanna Ream Meyer. I have no idea whether the genealogy referred

from Lancaster County to Virginia and from thence to Pike Township, Clark County, Ohio, where they both died. Their remains rest in a small graveyard on their farm. Both have tombstones erected with the following inscriptions:

Andrew Ream
Died
Oct. 20th 1833
Aged 76y 7mo 6d
A Soldier & Patriot

Mary Suke
wife of
Andrew Ream
Died
Mar. 25th 1835
Aged
67y 10mo & 4days
Blessed are the dead
Who died in the Lord

They had six sons and three daughters, born as follows:

| Page | Names | Born | Died | Married |
|------|-----------------|---------------|---------------|-------------------------|
| 26 | IV Susanna Ream | Jul. 7, 1787 | Oct. 9, 1867 | George Deaton |

All lived and died in Clark County, Ohio, except Solomon, lived and died in Danville, Ill.

IV Susanna Ream Deaton had nine children: V William, V Samuel, V George, V Andrew, V Nathan, V Mary, V Martha, V Susanna, V Levi. This family were second cousins to the writer.

IV Benjamin Ream, above, was married to IV Catharine Frantz, daughter of Daniel and Mary Garst Frantz, mentioned on page 76. She was a second cousin of his as well as to the writer's father. They had twelve children: V Anna, V John, V Mary, V Daniel, V Andrew, V Benjamin, V Solomon, V Catharine, V William, V Lydia, V Joseph, and V Jacob. Daniel and Jacob's address was Northampton, Clark County, Ohio. Jacob Ream had furnished the writer with the Ream history.

IV Samuel Ream, above, had eight sons and six daughters: V Peter, V Susanna, V Mary, V Samuel, V Elizabeth, V Nathan, V Hannah, V Jeremiah, V Nanny, V Ezra, V Ellen, V William, V Anthony, V John. These are second cousins to the writer.

IV Andrew Ream, above, had four sons and seven daughters: V Sarah, V Eliza, V Jacob, V Anna, V Mary, V William, V Rebecca, V George, V Andrew, V Ellen, V Susan.

This ends the history of Maria Zug Ream. It is not as fully given as was desired.

te by my grandfather is available anywhere or not. ^{March 11, 1871} The Center County Historical Society might have knowledge of it. I should have mentioned earlier that in the listing of Henry Meyer's children, Jacob is shown as the fourth son having been born in 1733; he died on August 2, 1801.

⁴⁰ The following may or may not be of interest to you. In the line of Henry's first son, John, there is a VI (sixth generation) Henry Hemperly who married Mary Ream who was born August 5, 1832. (She was a daughter of John Ream born in Shefferstown on September 3, 1808, died April 27, 1880. His wife Sarah Phillips was born August 28, 1800, died March 10, 1876. Their remains rest in Zion Lutheran and Reformed graveyard just west of Harpers tavern in Hanover Township.) They reside in Palmyra. Their children are: VII Mary A. married Edward Snyder, VII Lou married John Albright, VII Malinda married William Stuckey, VII Galen married Alice Stuckey, VII John married Maggie Ford, VII Elizabeth married Morris Backenstew, VII Alice married Henry Shirk, VII Elmira married William Swanger, VII Ames married Ella Walmer and VII Catharine married John Longenecker."

Incidentally, I am a descendant of Henry Meyer's second son II Henry. He had five sons and four daughters. My grandfather was unable to get the birthdates of the daughters but did have a record of their marriages. The Zug records show that my great great grandfather's sister, Maria Zug, married an Andrew Ream who was born on March 14, 1757. They moved to Virginia and later to Clark County, Ohio. He was born in Reamstown, Lancaster County, Pa. My grandfather had a record of their children and marriages. If this is of interest to you, I shall be glad to copy it and send it to you

Hoping that you may find this useful, I am

Yours truly

Dear WZF:

Your excellent letter of May 20 duly received and appreciated very much.

Apparently you have information about our Andrew Ream, son of Nicholas, g.2 and his family that I do not have, and would be very glad to have you furnish the information which you have as suggested in the last paragraph of your letter.

A number of our Ream families are depending on this line to take them back to Eberhardt Ream, Reamstown, Pa. Eberhardt and wife Elizabeth and the Jost Schwab family arrived Phila. Pa. in 1717 and came to the vicinity of Earltown(now New Holland) in 1720.

As you may know the pension records in D.C. includes the info. that Andrew was born in 1757 but we have never checked the source that would give his date of birth as March 14th. No doubt you can quote authority for this date.

Russell Grant Ream, whose present address is RR 2 London, Ohio accompanied me on a trip to the private burial place of the Andrew Ream family in Clark Co. Ohio June 1, 1964, and we found some stone^s down in the grass which gave us info. as follows about this Andrew:

"Andrew Ream d. Oct. 20 1833. Eleanor dau. of Andrew and Mary Ream d. 5-11-1857, aged 47-3-1. Hana(?) dau of Samuel & Elizabeth Ream (Not legible)"

No other record here Possibly Mary or maria di~~ed~~elsewhere.

This burial place was located on the Howard Stewart farm about 1 mile North of Rte 41 at North Hampton, Ohio. We called on Mrs. Stewart, but she gave some excuse as to why she could not let us see the records she had at the time. We think she possibly had the family Bible record which Andrew reported in his possession at time of making application for pension. Often thought we would like to get back there and try again to get her records. Some folks are very suspicious as you know when it comes to old records.

Possibly you are familiar with the fact that Rev. Albert E. Myers, 253 Oakcrest Lane, Pittsburgh, Pa. is a descendent of Jacob and Susan (Ream) Meyers. He has file ~~135-47~~ 135-47 here and we have spent a lot of time checking the Meyers family to try to get more info. re this Susan Ream, and note, in the Lib. of Congress 9-16-63 I made a lot of interesting notes from the "Genealogy of the Meyers family," by Henry Meyers 1890 as you note, but never could make a determination as to which Peter Ream was Susan's father.

Next time I am in Lib. Cong. will be anxious to see what they have there on the Zug, of Michael Zug family. Best wishes. Will be glad to hear from you as convenient. Dear Mr. Ream:

In my previous letter I mentioned that my grandfather, Michael Zug, compiled family records in the years from 1880 to 1900. In the course of obtaining these records he wrote a total of 486 letters and received 392 replies. He kept a meticulous record of these letters, numbering them consecutively and listing dates, names and post office addresses including counties. This listing shows that his letters, numbers 50 and 64 dated February 8 and August 11, 1883 respectively were sent to Daniel Ream, Northampton, Clark County, Ohio and letter 67 dated September 15, 1883 to Jacob Ream, same address. Reply number 45, shown as received on September 13, came from Jacob Ream. This letter, amazingly, I found among the comparatively few which have survived and are in my possession. I'm inclined to think that this letter, signed by Jacob Ream, will be of greater value and interest to you and other members of the Ream family. That it will receive the care it deserves I have no doubt and am accordingly forwarding it herewith. I am sorry that the envelope is missing. I

I am also enclosing a copy of Michael Zug's record of Maria Zug who married Andrew Ream. You will notice that Jacob is credited with supplying the Ream history. A comparison with Jacob's letter will confirm this. How he obtained a copy of the tombstone inscriptions I do not know since there is no record of later correspondence. They may have been on a separate piece of paper enclosed with the letter. Since it was without an envelope for many years the enclosure could easily have been lost. An inscription, legible in 1883, might of course have been eroded beyond possibility of reading in the years since. Andrew's birthdate as given by Jacob is confirmed by his age as given on the tombstone. His wife Maria was born May 21, 1767, the daughter of Johannes Zug, b. July 11, 1731, d. Apr. 2, 1821 and Anna Heffelfinger, b. in 1729 in Switzerland, d. October 25, 1816. Johannes who is in my ancestral line was the son of Ulric Zug who arrived in Philadelphia on September 27, 1727 and settled in what is now Penn Township, Lancaster Co.

Incidentally, the spelling of Maria's name on the tombstone is a variation of "Zug" which I've never seen elsewhere. It reminds me of the pronunciation of the name with which I was familiar in my youth in a Pennsylvania Dutch speaking community. That pronunciation would, I think, be spelled phonetically as "Tsuke".

With best wishes for success in obtaining family records, I am

Yours truly

MOYER and KROTZER GENEALOGIES

Michael Zug recorded the results of his genealogical researches in ledgers and in composition books as we used to call them. These he numbered in the order in which he began gathering the records of each family. Book 1 contained the records of Ulric Zug's descendants which were later revised in Book 2. Book 3 was devoted to the Moyers and the Kratzers. Some additions to and some revision of the Moyer material is found in Book 6 which also contains some fragmentary records of the Heffelfinger family. The descendants of Sebastian Royer were traced in Book 4 which J. G. Francis later expanded and had published as the History of the Royer Family in America. Book 5 has the records of the families of Moritz, Christian and Johannes Zug, cousins of Ulric. Book 7 contained some miscellaneous records.

Book 3 started with a first generation (I) Henry Mayer. Later grandfather Zug noted in the same Book that "Heidelberg twp., Lebanon County contained the names of 132 taxables enrolled on the taxlist in the year 1753 from which I copy the following names: John Stoler, Joseph Krotzer (presumed the same on page 45), David Lobenstein (presumed the same on page 115, Book 1st), John Mire. I have good reason to believe that said John Mayer (Mire) whose name appeared on the taxlist was my mother's ancestor, the father of the four sons, viz: Henry, Michael, Christopher and John Mayer recorded on page 2 and if he was, why then the four brothers are the second generation (II) instead of the first (I) as marked. I have since been informed by III (in this record IV) Jacob G. Mayer (see page 41 that John Mier (Mayer) was the Mayer ancestor." In regard to this, however, he added still a later note: "Compare Vol. 6th with this and page 2. It appears that Henry Meyer was the ancestor and not John as III (IV) Jacob G. Mayer thought and there were 5 bro. instead of 4 bro."

So, after Book 3 was written he concluded that the first ancestor of whom there was a record was probably named Henry but a generation earlier than and the father of the Henry he had listed in Book 3 as the first (I) generation. This conclusion appears to have been based, partly at least, on his discovery of the grant of land to Henry and its ownership in the family for several generations. Since Book 6 was not a revision of Book 3 in its entirety, changes in the generations as numbered in Book 3 became necessary.

The family name is spelled variously as Mayer, Moyer, Meyer, Mier and Mire. The spelling in Book 3 and Book 6 is frequently different. In Book 6 the name of the ancestor and his children is given as Meyer even though the name is shown as Moyer on the draft of the land grant. In the cases of II John, II Henry and II Michael, the names of their children (III) are spelled Moyer and in the cases of II Jacob and II Christopher their children's names are given as Meyer. In each case I continued the spelling as given for generation (III) for the succeeding generations.

In this record and in that of the Zug genealogy which I have copied I have included the records of certain other families in the appendices. We are direct descendants not only of the Zugs, Moyers, Kratzers and Heffelfingers but also of the Bachmans, Boeshores, Frantz' and Geibs. The other families included in the appendices are collateral descendants of one of these ancestors.

PREFACE to VOLUME 3

This book contains the genealogy of my mother's great great grandfather John Mayer or Mire. Also the descendants of her (my mother) maternal great grandfather, Joseph Krötzer. All of this book was mostly written or compiled during the year 1887.

PREFACE to VOLUME 6

Genealogy of the Meyer Family

Some years after the Mayer & Krötzer Genealogy was compiled in the book called Vol. 3rd the writer obtained more definite information and some quite valuable. So that he deemed it expedient to record all such facts not so fully contained in Vol. 3 in this book called Vol. 6. Therefore the reader will do well or find it to his advantage to study both books at the same time.

I commenced to write this book Jan. 20, 1892, closed by the 2nd of February same year to page 45. If any new information will yet be obtained then they will be added from time to time.

Since the Meyer or Mayer History has been compiled in book 3 in the year 1887 considerable additional has been obtained through old documents, deeds, drafts, releases, agreements, etc. By which I may be enabled to record a more definite sketch of my ancestor Meyer to some extent, especially to his immediate family in this book than in Vol. 3 as will be seen by referring from the one book to the other. The old documents and papers many in number were all retained in the possession of V Henry Moyer who lived and owned the homestead of his ancestor (see page 6 & 7). Some of said papers are over one hundred years old. But have all been handed over in September 1891 to Henry Meyer of Reabersburg, Center Co., Pa. author of the Meyer Gen.

What my ancestor Meyer's first name was no one is able to tell. But it is presumed that his name was Henry. See draft. My ancestor Meyer of whom I am the sixth generation emigrated as it is said from the Palatinate, Prussia, to America, time unknown. But it must have been about the year 1723 when he settled at Muhlbach, Lancaster Co. but now Lebanon, Pa. He settled at the beautiful spring, the source of the small stream known as the Mill Creek where he took up a tract of land of 346 3/4 acres. The land adjoiners of this tract were: John Moore, Jacob Becker, Wendel Lowtermilk, John Moyer & Bartholomew Sheffer. See draft. To whom my ancestor Henry Meyer was married could not be obtained any more, nor when he died or his age. He and his wife no doubt lie buried in the cemetery of the old Muhlbach church, Mill Creek Center.

There were born to them five sons and four daughters; all grew up and were married. (If he had more then they died young.) The names of his daughters were nowhere to be obtained but to whom they were married I obtained from an old private "Vendue Schedule" held among his children at least over 105 years ago. No date was given but it was held at least prior to Apr. 10, 1786. This is inferred from the fact that one of the sons-in-law, Alex Sheffer, had died on said date.

The list of sale was written in German and contains 75 articles sold by pounds and shillings. Copied Dec. 1, 1891 the following from an old German vendue list which was retained among other old papers in the possession of Sarah, widow of Henry Moyer, who owned the old Meyer homestead. The heading reads: "verzeignung desen was den Meyer's Erben auf ihren vendue gesteigt haben"

II John Meyer, above, son of the ancestor, was the oldest son, however some of the daughters may have been older and some of them between John & Henry. John was married to Anna Barbara (surname not known). He died prior to his wife and is buried in the old Muhlbach cemetery. Among the tombstones, one has this inscription: Johannes Moyer died Dec. 11, 1786, aged 67 years. This is presumed to be the subject of this sketch. We find by an agreement (see Appendix) that Barbara, his wife, was still living as late as Apr. 3, 1795. John Moyer had five children as far as could be ascertained, two sons and three daughters. The names of his children are found on an old deed, dated Dec. 3, 1788 where the younger brother Henry and the sisters sold their interest in their father's farm to their older brother John. If he had more children, then they died prior to the sale of the farm.

III John Moyer, above, was born March 3, 1745, died June 15, 1812. He was married to Catharine Schaeffer, born Oct. 1747, died Oct. 11, 1825. He owned the old ancestral farm. I also learned by an old German agreement (see Appendix) that he lived in 1786 in Londonderry Twp. Dauphin Co. near Lerry where he had a large farm which was divided by his two sons, Henry and John, by an agreement under date of Sept. 17, 1811 (see Appendix). The following is the birth and death record as obtained from their respective grave-stones. George and John George may likely have been one and the same son, so that there were only seven instead of eight.

These children and my maternal grandfather were second cousins. Only three of them were married, viz: Barbara, Henry and Hannes.

IV Barbara Moyer, above, died Oct. 16, 1854, aged 86 years, 3 months and 22 days. Her remains rest at Birtnogle's church, 4 miles north of Palmyra. She was married to John Laudermilch. (In a footnote in Vol. 6 Grandfather Zug stated that the Lautermilch mentioned on page 2 was probably the father of John Laudermilch. He left a space for listing John Laudermilch's children but was apparently unable to obtain them waf

IV Henry Moyer, above, was married to Susanna Strack who was born near Reistville, Lebanon Co. on Nov. 9, 1776, the daughter of Henry and Rosanna Strack. They removed to near Derry Station, Dauphin Co. where they died. She died Oct. 18, 1849. Both are buried at Birtnogle's church. Their children are:

V John Mayer, above, was married to Annie Behm, a daughter of Rudolph Behm and a sister of Samuel Behm, page 14 Zug Genealogy. She was born on Wednesday, March 10, 1802 and died on Monday, August 20, 1886, aged 84 years, 5 months and 10 days. She was buried on the 23rd of August at the Spring Creek Meetinghouse. She died at the house of her son, Michael in Derry. There were born unto them three sons:

She was born on Thursday, May 30, 1737 and died on Sunday, May 3, 1801. After her death Henry lived with his son John George who lived on the home farm of his father, the adjoining farm or a portion of the ancestral farm. After Henry's death the home farm came into the possession of his son, John George, and after his death his son Jacob became the owner thereof and from him the property passed to John Moyer, brother in law of my grandfather whose son John George is now living thereon. His funeral text was Job 5:26, "Und Wirst im Alter zu Grabe kommen, wie Garben eingefuhret werden zu seiner Zeit."

His wife Elizabeth Miller was born January 19, 1783, died August 27, 1867, aged 84 y 7 mo 28 days. This proves that her name was Elizabeth instead of Maria as recorded above. One son and two daughters were born unto them:

¹Christian Strock who was born November 3, 1793 informed the writer about a year before he died (February 21, 1885) that he yet remembered him quite well and that his opinion was that he (Henry Moyer) was born in our country and that his father whose name is not known immigrated to America.

George Strickler who was born December 18, 1805 (see page 6) was interviewed September 24, 1891 concerning the Moyer family. His memory is yet very good. He says that he yet remembers Henry Moyer, my ancestor, very well when he was a young boy yet and that he used to ride a very high spirit gray horse. He also says that he knew John Moore who was married to Elizabeth Moyer very well. But as to who they were he was not able to say. He was a farmer, the son of Martin Garhart, son of ---- Garhart, the son of Frederic Garhart who immigrated to America time unknown. She then married as her second husband a Mr. Mansfield who was a contractor of the Lebanon Valley R.R. at the time and was a native of Ireland. He soon after deserted her. Her children are:

VI Cassie Garrett died single

IV Catharine Miller, page 12, was married to Jonathon Moore who was born September 17, 1790 and died March 22, 1868. (On page 8 and 10 the name of her husband is given as 'Jonas'.) She died on Sunday September 16, 1877, aged 82 years, 7 months and 23 days. ~~Three~~ children were born unto them:

V John H. Moore was born June 27, 1822, married Elizabeth Leiss and resides at Mill Creek Center, Lebanon County, Pa; Occupation Watchmaker. They have two children:

IV Polly Miller, page 12, was married to John Person who was born Janu 19, 1796, died July 30, 1866. She died in Newmanstown in March 1887, aged 87 years. She had three children:

V William Person, dec'd.

V David Person, born May 6, 1833, died August 15, 1861, was married to Adeline Moore, page 11.

V Sarah Person who was married to Thomas Weiser.

III Christopher Moyer, page 12, the writer's maternal great grandfather was married twice, first to Margaret Eckert, daughter of ---- Eckert, who emigrated from Scotland to America, time unknown, and settled near Scheafferstown, Lebanon County, Pa. on the old Newmanstown road. When his first wife Margaret was born or died was not to be had anymore. She was the mother of seven children. He married as his second wife a young widow Catharine Hoffman (nee Krum) who was born July 17, 1777 and with whom he had four daughters. The youngest two are yet living (April 23, 1887). He was a farmer and was the possessor of a large plantation about 235 acres located 2 1/2 miles southwest of Scheafferstown, Lebanon County, Pa. which was divided into two separate farms after his demise and are at the present in the possession of John Kolstein and widow Susan Groh, granddaughter of his. See page 20. At the time of his departure he lived in the southern suburb of Scheafferstown, known by the name of Canada, where he had also another small tract of land. He died very suddenly on Wednesday, January 5, 1822. He was apparently well on said day and came home from the town in company with his neighbor, Benjamin Landis who lived some 40 rods further on and by the time Landis arrived home, the messenger brought already the sad news to him that Christopher Moyer was dead. I remember right, then he dropped down dead before he got into the house. His remains rest in the old cemetery in Scheafferstown. Funeral text + Math. 24:44.

His widow remained in the late home until her four daughters were all married and then she lived with her daughter Mattie married to Dr. Jonathan Zerbe in Scheafferstown where she died on Sunday, November 30, 1862 aged 85 years, 4 months and 13 days, surviving him 40 years and 10 months.

After the above was written I obtained the following from old releases I have in my possession from the heirs in Maryland: "And whereas the said Christopher Moyer was in his lifetime lawfully seized and possessed of certain real estate in the said county of Lebanon, consisting of a farm adjoining lands of Michael Shenk, William Weigley, Widow Kratzer, Samuel Kurtz (now Abraham Moyer), Jacob Morst, John Graybill and others, containing 262 acres, more or less- died intestate- And whereas the said estate of the said Christopher Moyer deceased was valued and appraised and allotted to Michael Moyer (my grandfather) and John Moyer, sons of said deceased, according to law, and whereas it appears the sum of \$472.30 being one third of the whole valuation, &" From the extract of the afore said Release, it will be seen that the valuation of Christopher Moyer's entire tract of land (262 acres) was \$13416.90 and was taken at said valuation by the said Michael and John Moyer on the 9th day of August 1822. Forty five years later (1867) 116 acres and 156 perches of the afore said tract of land was sold for \$15674.65 (see page 16) and it was even then considered cheap as it was valued at \$175 per acre if I remember yet. Later- The above farm was sold again at public sale September 2, 1893 for \$85.25 per acre (\$9972.12) a decrease of \$5602.53.

² There was an old dilapidated Jewish cemetery on said land a short distance from the stable which I occasionally saw in the days of my youth.

IV Michael Moyer, above, the writer's maternal grandfather, was born in the sign of Virgo at 11 o'clock in the morning, Saturday, May 10, 1783 in Heidelberg Township, Lancaster County, now Lebanon County, Pa. and was baptized by sprinkling in infancy July 8, 1783 by Rev. Schultz a minister of the Reformed church of which persuasion he also became a member. Michael Moyer's name was registered in his Baptismal record as Johan Michael but was known only by the name "Michael", undoubtedly from the fact that his only brother was named John.

He was intermarried with Maria Kratzer, daughter of Joseph and Anna Eve Yentzer Kratzer who was the son of Joseph Kratzer Sr., page 45. She was also born in the same township and county about 3 miles southwest of Scheafferstown and was of the third generation of her ancestor Krötzer as may be seen, however the date of her birth was not retained or was lost. The Lebanon Report of June 5, 1895 contained a few columns "Gleanings From Old German Newspapers Printed in Lebanon nearly a Century ago" And under the heading of the "Marriage Notices" I find the following notice, "On the 19th of July, 1808, by the Rev. Minister, Michael Moyer to Miss Magdalena Kratzer." Now I have all the reason to believe that this was my maternal grandparents.

He was a farmer by occupation and became the owner of the old homestead farm after the death of his father but subsequently took his brother John as a co partner and jointly farmed the said homestead until the year 1834 when they divided the land and separated. He then built on his part in 1834 and removed thereon in said year.

His wife died on Tuesday, March 9, 1852 in her 70th year. And he died in his late residence located 1 1/2 miles southwest of Scheafferstown on Tuesday, April 30th, 1867, surviving his wife 15 years, 1 month and 21 days. His remains were conveyed on the following Friday, May 3rd to the Reformed Cemetery in Scheafferstown for interment to the side of his previous departed wife. A tombstone about 2 by 4 1/2 feet mark their graves. The occasion was improved by the Rev. Thomas Leibbach Jr. from the 90th Psalm, v 10th. There were born unto them only two daughters:

He also purchased the late residence (plantation) of his father in law, Michael Moyer, after his demise at public sale in the Fall of 1867 at \$134 per acre, in the whole \$15674.65³. Mary Kolstein departed this life on Wednesday, May 10, 1882, aged 63 years, 5 months and 17 days. Her remains were interred on Saturday, the 13th in the burying ground attached to the Millcreek church a few hundred yards from her late home. She was a member of the Lutheran church as well as her husband who is yet living (April 28, 1887). (He died March 29, 1893, aged 79 years, 8 months and 20 days.) ¹September 12, 1891. Mary Kratzer, page 3463, says her grandfather, Michael Meyer died when her mother was only six months old. He was a farmer and lived on the old Krotzer's homestead where his grandfather settled about 150 years ago located three miles southwest of Scheafferstown, Lebanon County. There he died on Monday January 13, 1845, aged 58 years, 11 months and 21 days. I remember yet quite well when he was buried as there was a very deep snow on the ground at the time so that they were obliged to make a path through the snow to the graveyard. She (his wife) survived her husband 33 years, 9 months and 6 days as she died on Wednesday October 19, 1831, aged 87 years and 9 months. Funeral text: Psalms 37:4, "Delight thyself also in the Lord; and he shall give thee the desires of thine heart" I was present at her funeral and when her age, etc., was announced I made a careful memorandum thereof and the birth and death of her sister Maria C. He was married to Beckie Noweter who was born October 20, 1777, died November 20, 1862, aged 85 years, 1 month. His union was blessed with four sons and five daughters:

This record beginning with III Henry Meyer I copied January 30, 1894 and arranged them in this form, from the Meyer Genealogy compiled by Henry Meyer. Catharine's husband IV George Meyer was the son of John George Meyer, son of Jacob Meyer, page 38.

III George Meyer, page 39, removed to Penns Valley in 1827, locating on Pine Creek south of Aaronburg, Center County, Pa. He was married to Catharine Meyer who was born December 2, 1788, died March 13, 1858. Catharine was a daughter of John Jacob Meyer, page 38, who was married to Julia Morr who was born July 18, 1770, died November 8, 1824. They had five sons and seven daughters in Clinton and Lycoming counties, Pa. George and Catharine are buried in the German Reformed cemetery at Aaronburg. They were blessed with seven children:

IV Jacob G Meyer, above, was married to Henrietta C Furst, born November 21, 1825, died April 18, 1876. He married as his second wife, widow Lydia A. Dutweiler¹ who was born in Lebanon County, Pa. May 27, 1828. He is the youngest of the male descendants in the line of his ancestry. He is yet of the fourth generation from my ancestor Henry Meyer, probably the only one yet living. Concerning our relation, he is a second cousin to my maternal grandfather Michael Meyer who died April 30, 1867, aged 83 years, 11 months and 20 days. He was elected in 1869 a member of our Legislature. He was also a great musician. He taught music when but fifteen years of age and is the author of a number of musical compositions. I had the pleasure to meet him at my home on the 24th of September, 1887 when we compared notes in the line of our ancestor and found the above result. His address is Aaronburg, Center County, Pa.

¹Lydia A. is the daughter of John Strohm whose wife was a daughter of Michael and Anna Krubacher Graybill who was born April 25, 1748, died November 1, 1823. He had one son and seven daughters. See Bug Genealogy, page 128.

II ---- Meyer, page 2, married to Lautermilch. This Lautermilch was probably the father of John Laudermilch on page 3.

II ---- Meyer, page 2, married to Alex Scheaffer. Whether this Alex Sheaffer was the same who founded Sheafferstown is not known but presumed to be, and if so then the Meyer daughter was his second wife. See Appendix page 23 .

Notes on the Moyer Records

As stated in the foreword Michael Zug revised these records in Volume 6 of his writings. He had, previous to the revision, made some changes and additions to Volume 3. I have assumed that anything in Volume 6 represented his latest conclusions. In Volume 3, however, there are some discrepancies which leave the facts open to question. There are also a few obvious errors. Those that I have noticed are listed here.

On page 46 of Volume 3 it is stated that IV Henry Moyer was married to Susanna Strack. On page 86 of the same volume Henry's son V John Moyer wife's name is also given as Susanna Strack. It's possible that his wife's name was the same as his mother's but unlikely. Page 47 shows John's wife's name as Annie Behm. I assume that this is correct and have so recorded it. (Page 3)

On page 46, Volume 3 the name of one of IV Henry Moyer's daughters is given as Sallie married to Andrew Law. On page 86 the daughter's name is given as Sarah married to Andrew Loy. Her sister Catharine was also married to Andrew Loy, page 87. The dates of Catharine's birth and death are not recorded but Andrew Loy was 18 years older than Sarah one of whose children was born in 1842. One of Catharine's children was born in 1831. If this record is correct it would appear that Catharine's death occurred in or after 1831 after which Loy married the younger sister, Sarah. (Page 3, 4 and 5)

V George Moyer, page 6, was probably born in 1804 as stated on page 49 Volume 3 and later crossed out and changed to 1803. His stated age on the date of death would then be correct.

Page 13, Volume 3, recorded on page 18 shows the birthdate of VII George Molstein as November 3, 1880. The Zug Genealogy, page 44, gives the date as November 6 same year.

The date of birth of either III Henry or III Michael Meyer, page 38, is obviously incorrect. This was copied from page 36, Volume 6.

The record of II Christopher Meyer on page 39 was copied from page 50, Volume 6. Christopher Meyer, it is stated, moved "as near as can be ascertained" to Campbellstown in 1869. Yet page 91, Volume 3, states that his son, III Henry Meyer was born in Campbellstown in 1867.

On page 1 Michael Zug writes "My ancestor Meyer..... emigrated as it is said from the Palatinate..... But it must have been about the year 1723 when he settled at Muhlbach."

In the footnote on page 8 we find that "he (John Moore Sr.) came from Schoharie County, N. Y. to the Muhlbach in 1723 in company with Conrad Weiser, John Stump, Michael Weiser, Henry Meyer, Hans (John) Meyer, John Noll and others." (The "in company with Conrad Weiser" is in error. In the book referred to below Weiser's autobiography is quoted to show that he moved to the Tulpehocken region in 1729.)

The following is taken from Paul Wallace's "Conrad Weiser" which quotes Weiser's Autobiography which states that a party of Schoharie Palatines

"united and cut a way from Schohary to the Susquehanna River brought their goods over and made Canoes and descended the stream to the Mouth of Suartaro Creek and drove Their Cattle overland that was in the spring of the Year 1723. From there they came to tulpehockin and this is the beginning of the tulpehockin Settlements." See page 31.

From page 29, "a tradition has been handed down that a man named Moore from Weiserdorf murdered the agent, Truax, Moore escaped, says the legend, and went to Pennsylvania where he later confessed. There was, in fact, a Johannes Mohr living in Weiserdorf about that time and we do find the name of Hans Moore in the Tulpehocken tax list for 1725..... .

Sydney George Fisher's "The Making of Pennsylvania" says, page 109, "In 1723, Keith, the governor of Pennsylvania, being at Albany and hearing of their condition, intimated that there was room for them in his province. Thirty three families of them united, cut a road through the woods to the head-waters of the Susquehanna, and floated their goods down it until they came to the mouth of the Swatara. Following up this stream, they established themselves in the wide, fertile valley of the Tulpehocken, west of Reading and south of the Blue Mountains, where the descendants are still living."

Since Michael Bug was aware that John Moore, Sr. came from Schoharie and that there were several Meyers who also came from that settlement of Palatines to the Tulpehocken region at the time when he concluded his ancestor had arrived, his ignoring of the possibility that his ancestor was one of this group causes some puzzlement. Even if he had reasons for thinking otherwise, it seems strange that he made no reference to them.

JOSEPH KROTZER'S GENEALOGY

On Sunday the 16th day of September A.D. 1736 we find that 330 Palatines with their families have arrived in the city of Philadelphia in the ship, Princess Augustus, Samuel Merchant, Master from Rotterdam, last from Cowes. Among said passengers was one Joseph Krötzer who settled in Heidelberg Township, Lancaster County, now Lebanon County, Pa. three miles southwest of Scheafferstown near the mountain. The said Joseph Krötzer was the grandfather of my maternal grandmother, Mariah Mayer (nee Kratzer mentioned on page 15. He was a farmer and was the owner of a large tract of land which was retained by his lineal descendants down to the fourth generation (his great grandsons IV Joseph and IV Michael Kratzer mentioned on page 34) and is now in the possession of Moses Wonderlich.² The buildings on the old Krötzer homestead were erected in 1760 as indicated by a date on the barn. They are yet occupied to this day.

He was married to a Miss Sneyberger of Cumberland County, Pa. if I yet remember right. When they died is not known. Their remains rest in the old family burying ground on his homestead. III Magdalena Kratzer used to say that she was 12 years old when her grandmother Kratzer died (1779) and that all of the family were so sick at the time. She also said that on the day of the funeral as they were on the burying ground, some one of the friends dropped down and was carried to the house where he or she soon died.

The result of their marriage was but one son and one daughter (at least as far as I was able to ascertain):

A Fragmentary History of the Heffelfinger Family

My great grandmother, Anna Heffelfinger (Zug Genealogy, page 3) had two brothers and one sister. The names of her brothers are not to be obtained anymore at this late day (September 26, 1894). One of them settled in Lebanon County and the other somewhere in Cumberland County, Pa. Her sister Veronica married to John Hummer, settled in Lancaster County, Pa. (See Royer History, pages 35 and 147 and Zug Genealogy, page 3) whether or not the whole family emigrated together from Switzerland is not known but presumed by the writer that they did. Anna emigrated to America about the year 1737¹.

I ---- Heffelfinger, her brother who settled in Lebanon County had four sons (likely also daughters) whose names were as follows:

| | | |
|------------------------|------|----|
| II Martin Heffelfinger | page | 49 |
| II John | " | 52 |
| II Peter | " | 52 |
| II Philip | " | |

Whether their names are in consecutive order is not known, having neither dates of births or deaths. These sons were first cousins to my grandfather, Elder Abraham Zug.

II Martin Heffelfinger, above, was married to Miss ---- Focht. Where they lived and died is not known. Their remains rest in the old cemetery of the Tulpehocken Reformed church located one mile west of Stouchsburg but neither of them have any gravestones to mark their graves. He had five children:

| 51 | III Rebecca | Jan. 1, 1797 | July 30, 1851 |

This family were second cousins to my father.

III George Heffelfinger, above, was married to Catharine Bechtold. She died at the residence of her son near Wintersville, Berks County, Pa., June 1894, aged 79 years. He died near Mt. Aetna. Their remains rest in the cemetery where his parents rest. They had a large family. Sixteen children were born to them in all; the following are the names of fifteen:

| Page | Names | |

| | IV Mary | Married Isaac Stief. |

¹I find that a Gaby Heffelfinger paid a quit rent on 150 acres of land in or prior to 1734 in Sulford Township, Berks County, Pa. He may likely be the ancestor.

²Among the taxables of Heidelberg Township in 1782 I find a Martin Heffelfinger, assessed with 150 acres of land. Also that he and Peter Shitz were the Overseers of the Poor in the year of 1779.

Alexander Sheaffer's Genealogy

Alexander Sheaffer who founded Sheafferstown¹ was a native of the Palatinate. Born January 8, 1712, he died April 10, 1786, aged 74 years, 3 months and 2 days. He had six children with his first wife who died in 1772, aged 64 years. He then married as his second wife Catharine ---- who was beyond all doubt the daughter of I Henry Meyer, page 2. He had no issue with her. His children:

He married as his second wife Margaret Locher who was born December 11, 1764, April 30, 1815. He had five children with his first wife and three with his second wife, named and married as follows:

III John, above, died on the old homestead at Sheafferstown, now Danie Brindle's residence. His only son, John, Jr. was married to Susanna Koster of Mannheim, Lancaster County. He died in Lancaster.

¹Sheafferstown was originally called Heidelbergtown until 1820 when it was exclusively designated Sheafferstown. Among the earliest members of the Lutheran church of Sheafferstown from 1720 to 1765 were, among others, the following members: Andreas Moore, born April 30, 1729; his wife Catharine Elizabeth, born April 17, 1732; Conrad Sultz and wife; John George Ulrich and wife, Anna C., born respectively February 15, 1726 and October 31, 17

John Wolfersberger; Casper Iba, born September 26, 1726 and Jacob Geib.

Sheafferstown was laid out by Alexander Sheaffer about the year 1745 or 1746 and was, it is said, originally settled by German Jews. They were so numerous at one time as to have a synagogue and a rabbi to read the scriptures and impart to them other instruction. As early as 1732 they had a graveyard around which was a substantial stone wall built, nearly the whole of which is still standing (1844). Rupp's History of Berks and Lebanon County. Page 345.

Henry and Rosanna Warner Strack

Susanna Strack, married to IV Henry Moyer (page 3), Michael Strack, married to IV Peggy Moyer (page 21) and Christian Strack, married to III Maria Catharine Moyer (page 33) were children of Henry and Rosanna (Warner) Strack who resided in Heidelberg Township, Dauphin County, now Lebanon County, near Reistville. His home became later the property of Jacob Oberholtzer, dec'd, and is now owned by Samuel Kurtz. There were born unto Henry and Rosanna Strack nine sons and nine daughters of which Christian was the youngest child and survived them all. Christian Strack relatives are numerous but as he had outlived most all his immediate relatives which was attested from the fact that there was only one of his nephews and three nieces at his funeral. Henry Strack emigrated from Holstein, Switzerland, time unknown. He was twice married. (A Johan Peter Strack immigrated September 11, 1732, likely the ancestor) Henry made his will when Christian was only 1 year, 7 months and 5 days old (June 8, 1795) He died, as it appears, not so very long after for his will was recorded in Harrisburg, Dauphin County, March 14, 1796. Said will was quite long; consisted of 7 pages, 8 1/2 by 12 1/2 inches. He owned five tracts of land in all 730 acres of which one was an island of 38 acres, known as Hog Island in the Susquehanna river. The writer had the favor and pleasure to copy all the names of his entire family from the said will this 20th day of July 1904. It appears that the greater number of his children were then not yet married. The following are their names:

It will be noticed that there are 19 instead of 18 as old Christian always informed me. Their births and marriages I obtained elsewhere at various times.

Henry Strack lived in Franklin County, Pa.

Magdalene Strack, married to Jacob Knower, lived at Shippensburg, Pa.

Anna Rosanna Strack, born July 15, 1779, died February 2, 1861 was married to Jacob Thomas, brother to Barbara, and son of John and Anna Wolfersperger Thomas whose ancestor Durst (Theodorus) Thomas who emigrate from Germany in 1736. Ann, married to Henry Walbon, lived near Rehrsburg.

Philipene, married to Michael Kettering, had sons, Henry and Adam. The former was married to Harriet Yetter who resides at Perry, Dauphin County. Her daughter, Elizabeth, is married to Rev. Henry Letterman. Their daughter, Carrie, living with her grandmother in Perry is a very intimate friend to my daughter, Mary, married to Jay C. Francis.

Jacob Strack is married and lives at Lingelstown, Hanover, Pa.

Yost Strack was born April 30, 1788, died near Hagerstown, Md. October 4, 1863. His wife, Barbara, was born June 4, 1785, died December 19, 1866.

John Peter Strack was born July 21, 1791, died July 30, 1827. His wife, Susanna Ulrich, daughter of Adam Ulrich, was born February 2, 1790, died August 28, 1837. Their remains rest in the old Reformed and Lutheran graveyard. Their grown children were Daniel, born August 6, 1825, died April 6, 1878, married to Wilhelmina Harper; Elizabeth, married to Jacob Karmany, born June 24, 1817, died March 24, 1891, she is yet living in Annville (August 27, 1900); and Susan, married to John Snyder.

Among the Mayer papers was also found a Bond given by John Mire (so signed) of Heidelberg twp. Lancaster Co. to Ann Mire of the same place for the sum of twenty Pounds without interest. The bond was dated Dec. 20, 17 payable May 1st, 1766. Who the said Ann Mire was could not be ascertained anymore. She may have been daughter of Henry Meyer on page 2. and was 11 ly never married.

Jannes Myer (seal)

The above agreement I copied December 1, 1891 from the original, written in German one hundred and five years ago, which was retained, together with a number of other old papers, in the possession of Sarah, widow of Henry Meyer. (See page 1)

Jannes Myer the undersigned was undoubtedly the III John Meyer (3rd generation) mentioned on page 2 and Barbara Meyer named in the agreement was, in my opinion, his step-mother, the second wife of II John Meyer on page 2. We further learn that the same Barbara Meyer, under date of April 3, 1795, released off again to Jannes Myer all her right title and interest she had under the above German agreement made with Jannes Meyer, November 18, 1786. (Showing that she was then still living.)

John Moore

William Henry Egle's History contains a number of deceased who are buried in the Millbach graveyard, among whom is a John Moore Sr. who was born March 3, 1745, died June 15, 1812. Now this was undoubtedly the husband of III Elizabeth Moyer, page 8, for in comparing this birth date with the marriage of his mother, March 7, 1744, we will find it to correspond nicely. I was informed by some of the Moore family that his (E. Moyer's husband's) father came to Millbach in 1723 as mentioned in foot note on page 8, which is very likely a mistake, for in taking all the evidence together it would seem as though it was his grandfather already who was also called John Moore. This supposition agrees with the opinion of V Michael Moore on page 9 whose opinion is that he is the fifth generation on his father's side.

¹I could not find such a tomb-stone but may be correct.

Extract of an Agreement copied December 31, 1891

I learned by an old (81 years ago) Agreement made between Henry and John Meyer, under date of September 17, 1811, purporting that their father John Mayer¹ had a tract of land or a plantation located in Londonderry township (near Derry) Dauphin County, Pa. at that time. The agreement signifies that the farm was mutually divided between them and, among the details, specified in said agreement we find that a stream of water is mentioned to rise in different places, flowing by the division line which was very minutely described and they mutually agreed to use the water jointly for watering their horses and cattle, etc. as well as for overflowing their respective meadows so that both had equal rights to the stream of water.

¹John Mayer, their father, was the III John Moyer who was born March 3, 1745, died June 15, 1812, mentioned on page 2.

Extract of a Release or Will copied December 12, 1891

"Whereas John Moyer Sr.¹ by his last Will, Sept. 23, 1811, (3 months, 22 days prior to his death) gave and bequeathed to his son, Michael, the farm of about 205 acres in Heidelberg twp, Lebanon Co. Pa. Michael Moyer by his last will dated March 13, 1813, (only 15 days prior to his death) did bequeath the same said farm to his brother, John Moyer." I also learn by this will, the respective residences of his children, namely: Catharine Moyer of Heidelberg twp. Lebanon Co., Spinster; Henry Moyer of Londonderry twp., Dauphin Co., farmer; John Loudermilk of West Hanover twp. Dauphin Co., farmer and Barbara his wife; and John Moore of Jackson twp., Lebanon Co. (this was undoubtedly the illegitimate son of Kate Moyer on page 5.

¹The said John Moyer Sr. is the John mentioned on page 2, as well as the same Hannes Myer who made the German agreement on page 68.

Records from History of Dauphin and Lebanon Counties

The burying ground to the Newmanstown church contains the following deceased as copied November 30, 1892 from the History of Dauphin and Lebanon Counties by William H. Egle:

| Names | Born | Died |
|---------------------------------------|---------------|----------------------------|
| Isaac M. Gerhardt | June 15, 1812 | Apr. 4, 1852 |

| Philip " | Feb. 9, 1769 | July 21, 1851 |
| Elizabeth " (wife of P.P.) | Apr. 4, 1773 | June 28, 1846 |

Most all of these are presumed to be relatives recorded on pages 13 and 14. I find, however, that the dates given in W. H. Egle's history are not all to be correct.

Non-Associators

The following names I copied from a list of 136 names of the so-called non-associators in Heidelberg twp. in the year 1777: Two Joseph Kratzers, Henry Krall, David Leabenstein, three Henry Mayers, Rudolph Mayer, John Mayer, Jacob Mayer, Conrad Mayer, George Stoler, John Musselman, Jacob Musselman, Jacob Zug.

"At this time the non-associators, of which there were a large number in the townships were disarmed by Col. Greenawalt's battalion. Many of these people were scrupulous of bearing arms, Mennonites, Moravians and a few Quakers. They were not disloyal, but disinterested spectators of the struggle. As long as they were not disturbed in their religious devotion it mattered little to them under whose dominion they were."

Myerstown was laid out by Isaac Myers, grandson of Michael, below, in 1768. He was born January 4, 1730 in Heidelberg Township. He kept a tavern in Myerstown. One evening while sitting in the bar-room he was shot his back through the window, aged 40 years. He left one son, John, and several daughters.

VII H. L. Meyer of Annville who graduated with my son, James F. Zug, June 14, 1894 in the Lebanon Valley College is greatly interested in the Meyer family. He is the 7th generation of his ancestor, Michael Meyer, who immigrated to America and settled in Chester Co., Pa. Said Michael was the grandfather of Isaac Meyer, above, who laid out Myerstown. VII H. L. Meyer is the son of Henry Meyer, died in 1862, who was the son of John L. The city of Lebanon, Pa. was founded by George Steitze about the year 1750. Rev. George Lochman D.D. says "Diese Stadt, Lebanon, ist im Jahr 1756 von George Sreitz ausgelegt worden." Others say Steitzetown as it was for a long time called was probably laid out about 1750. When I was a boy I remember well the name "Steitze". George Sreitz had a daughter named Eleanor who married George Reynolds whose daughter, Katharine, married Thomas Clark whose daughter, Eliza, married General Robert W. Hammon. Their son, Col. David S. Hammon was born in Milton, Pa. March 1, 1827. He married Miss Emily Bishop of Harrisburg, Pa. He died very suddenly in Lebanon, Pa. April 3, 1897, leaving one son and four daughters. Mrs. Allen D. Koffer, favorably known in Lebanon, is one of them.

In this year (1827) the Union Canal was completed.

William Penn, shortly after his arrival in 1682, established three counties, Philadelphia, Bucks and Chester. In 1729 Chester was reduced by erecting Lancaster County out of it. In 1749 York County was erected and in 1750 Cumberland was established. Berks County was erected March 1, 1752 with a population of from six to eight thousand. Readingtown had but 130 houses at the time. Two years prior (1750) there was no house there yet. Berks County was formed out of Philadelphia, Chester and Lancaster. Oley Township was in Philadelphia County in 1718. John Harris died July 29, 1791 aged 65 years. He was the founder of Harrisburg which was incorporated in 1791. Dauphin County was established in the year 1785.

Gen. Augustus Sutter who is noted as being the first discoverer of gold in California was born at Kunders, Baden February 28, 1803. He emigrated to America in 1834-35. After having spent time in various places he settled some distance up the Sacramento River, California. He built a grist mill in 1848. While digging the mill-race the gold was discovered. He died June 18, 1880 in Washington D.C. and is buried in the Moravian Graveyard in Lititz, Lancaster County, Pa.

John Andrew Melchior Shulze was born in the Lutheran Parsonage at Christ Church, Tulpehocken, Berks County, Pa. July 19, 1775 and died November 18, 1852. His wife, a daughter of Leonard Emmel, son of John and Barbara Emmel, was born October 14, 1747, died June 2, 1833 near West Myerstown. He was elected Governor of Pennsylvania in 1823 with a majority over 25,000 and reelected in 1826 with a still larger majority. He was a son of Rev. Emanuel Shulze who was married to Miss Muhlenberg. Her brother was the Lutheran pastor in 1769 at Stouchsburg. Later in 1770 he came to Lebanon.

Lititz, 3 miles north of Lancaster, in 1757 was laid out by the Rev. Nathaniel Seidel and Mr. John Reuter.

Waytown was laid out by John Doner in 1755.

Hanheim borough was laid out about 1760 or 1761 by Wilhelm Heinrich Steigel, an eccentric German, who for many years had managed the Elizabethtown Iron Works, also a glass manufacturer, a preacher and teacher. He died very poor.

Lebanon County was formed February 16, 1813 from Lancaster and Dauphin.

Annaville was laid out about 1765 by Messrs. Miller, Ulrich and Seigel. For many years it was called Millerstown.

Jonestown was laid out in 1761 by William Jones on part of 114 acres of land.

Four miles northwest of Lebanon stands the Mill Church (Berg Kirche) built in 1733.

On the outskirts of Lebanon at the Moravian Station called Lebron stands, quite near to their burial ground, an old stone church built in 1750. The first meeting house was a log one erected in 1747 (this may be a misprint). This church is now used as a barn.

INDEX

This is an index of the names contained in the genealogical records of the Meyer-Kratzer families compiled by Michael Zug late in the last century. Included are those in the brief records of a few other families with whom there were inter-marriages. The names were taken from the more comprehensive index of Mr. Zug's complete records in which the Zug(Zuck, Zook) families form the major section. Roman numerals, marking the generations and preceded by the letter "M" identify the descendants of Henry Meyer (M-I). The descendants of Joseph Krötzer are indicated by the letter "K" before the numeral. In similar fashion the initial letters of the names are used to identify the members of the Becker, Eckert, Heffelfinger and Sheaffer families. The Heffelfingers would properly have been included in the Zug volume since there is no documented relationship with the Moyers or Kratzers. The prefix "Z" indicates pages in the Zug genealogy for individuals mentioned in both records.
