Dear Lorraine, I just received your letter & wonderful Valentines day card, picture of your van & FRANTZ information, I've always wanted a van but never could afford one, you lucky to own one.

Lorraine I feel Really Bad about my Sept of 2000 letter being difficult to follow & that you have to use a magnifying glass to read it & being long, I had a real off day, that day I wrote it & put that material together, what I'm doing is sending along with this letter 3 34¢ stamps so if you want just send what you don't understand back & I'll be more than glad to Redline it over.

I can't remember if I told you in the letter that I'm working on my 4th great grandmother who was Barbara Wine Born in 1796 at Augusta County VA. & married there in 1817 to Thomas League, I know some of the Wine family were church of the Brethren, I'm almost positive that my Barbara Wine was a descendant of Johann Jakob Wine Born in 1711 in Alsace France & Germany, Jakob Wine's great grandfather was Albrecht - Harprecht Wine who lived in a small village in Alsace area called Waltenheim in 1647, more research is needed on my Barbara Wine which may include families of Suss, Wagner & Spatz, Jakob Wine of 1711 Birth settled in York County Penn, his son was Hans Adam Wine B. 1756 who settled in Augusta Co. VA. & maybe Barbaras Father.

I hope this letter is Readable, again Please accept my apology, I'm sorry Lorraine but I'm not going to be able to purchase any of your wonderful Frantz family Books, money's very limited Rite now.

Take care, Sincerely: Robert F. Ray
