Dear Brenda

I was thinking of you so thought I'd drop you a card.

I have continued 90 mph at family history. Recently I decided to add another genealogy software program to the one I've been using for years. I bought Family Tree Maker so I could use World Family Tree.

"Blessed be the Lord,
who daily loadeth us with benefits..."
PSALM 68:19 KJV

Do you ever wish you were taller or bigger or thinner? Would you like to change the color of your hair or the size of your feet? That's only natural! Everybody wants to fit in, to be like everybody else. But we are each one a special creation—and part of what makes us special is that we are unique. Different from each other.

God loves variety, in nature and in people. He didn't cut out all the stars with a big cookie cutter. He made each one an original. He didn't make all flowers pink and all rocks gray. He made every part of creation to be special, different. And He did the same thing with His very best creation. You! So smile at yourself, and like yourself. God does!
